**Senator Campbell Applauds Passage of SB 2485 & 2487**

"The Texas economy is strong because we value small businesses. No Texas business owner should be forced to close their doors or reduce their workforce because of costly and burdensome government regulations. In passing SB 2485 and 2487, the Texas Senate affirmed that small business owners know how to value their employees and run their business best, not bureaucrats at city hall. This is a victory for family-owned businesses and employees in San Antonio and Austin, as well as other Texas cities where these type of heavy-handed local ordinances have been considered and would harm our economy."

-State Senator Donna Campbell
